00 8888 008
Slow Soft Chord 00 7300 000

D'autres registrations sur [ce site](#). Les presets L'orgue Hammond possède donc des presets, chaque touche noire permettant de choisir une registration pour chacun des 2 claviers. Les registrations sont modifiables par un panneau de cablage qui permet de cable 'en dur' la position des tirettes. Le site Promojazz présente une [explication détaillée du fonctionnement des presets](#) et donne les registrations jazz du B3 d' Eddy Delhaye.
